**A.** What teenagers feel and do is also of interest to governments. The following facts are taken from the official survey. Almost 60 per cent of British teenagers have a part-time job. The most popular jobs are working in shops and stores (usually on Saturdays), doing a paper round (mornings, before school), or babysitting.

**B.** Nearly all teenagers claim they help with the housework. But most admit they only do it because they have to.

**C.** Two thirds of those who were interviewed take part regularly in one or more sporting activities. Swimming is very popular with both sexes, while more than 45 per cent of boys play football.

**D.** Money is seen as a problem by most teenagers. Without it they can't buy clothes or gadgets, or go to concerts, cinemas or discos. The majority of girls spend their pocket money on clothes; half the boys spend it on gadgets. Three quarters of all teenagers try to save at least some money.

**E.** Most teenagers get along with their parents quite well. Although a lot of teenagers believe their parents are too strict, most agree that their parents offer help and support in times of crisis. When there are arguments, however, they are usually about what time they should come home at night, where they are going, and who they are going with.
